

Summer 2021

### **The Chief's Quarterly Report**

The University of Texas at Austin Police Department is a National Incident Base Reporting System (NIBRS) reporting agency. NIBRS allows us to provide greater specificity when reporting offenses and permits us to collect more detailed information regarding reported offenses. Through NIBRS data, users can view more facets of crime as well as the relationships and connections among those facets of crime.

The University Police Department recognizes that numbers matter. In our effort to be as transparent as possible, and in response to requests from our community, we have made our Quarterly Incident Report easily available for public view. We believe this action reflects our effort to achieve our diversity, equity, and inclusion goals. We invite UT community members to view our report and provide feedback so that we may better serve the community.

Sincerely,

Don Verett  
Acting Chief of Police  
The University of Texas at Austin Police Department
